

■ THE ACTIVE PROBLEM SOLVING APPROACH

**BOX 3-1: Checklist of Study Problems**

Check the comments below that are true for you. Double check those that are typical problems for you. Add other study problems you have.

1. You did an assignment wrong because you did not hear the teacher's instructions.
2. You completed your work quickly and did not check for errors.
3. Your teacher got mad at you and you did not know why.
4. You did not write down all your assignment.
5. You left your book at school and needed it for homework.
6. You received a bad grade because you did not read the directions.
7. You read an assignment but did not remember what you read.
8. You studied, thought you knew the material at home, but did not do well on the test.
9. You did your homework but left it at home or lost it.
10. You got a bad grade on a test because you did not finish.
11. You do not have a regular study time. You study only for tests.
12. You can repeat what the teacher said, but you often do not understand.
13. You do not have a place to write homework assignments down.
14. You often do not raise your hand even when you know the answer because you are afraid you'll be wrong.
